

3D Molecular Systems

Source: Pascal Kiefer,
V. Hahn et al., Adv. Funct. Mater. 26, 2070166 (2020)

Date: September 7th – September 11th, 2025

Location: Bildungshaus St. Bernhard, Rastatt

What you'll get:

- Attend daily lectures and workshops led by leading researchers in the field of 3D Molecular Systems.
- Engage in stimulating discussions with other students and professors on a wide range of topics.
- Enjoy an all-expense-paid stay at Bildungshaus St. Bernhard in Rastatt.

Application Requirements:

- A letter of motivation explaining why you are interested in attending the academy (1 page).
- Your CV and current transcript of records.

Apply now: event.fourwaves.com/heikassa2025

Don't miss this incredible opportunity to advance your knowledge and skills in 3D Molecular Systems. Apply now and secure your spot in our summer academy!

Application Deadline EXTENDED
Apply now until July 6th!

In cooperation with the Clusters of Excellence 3D Matter Made to Order and SynthImmune, the Flagship Initiative Engineering Molecular Systems, the Karlsruhe Institute of Technology and Heidelberg University.
